# Fun Fast Easy

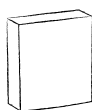

Shuffle games exist in different variations, all fun, fast and easy. Play it with class mates during lunch break, play it with grandparents on a Sunday afternoon. Play it everywhere, with everyone.

Notice the playful design. Its bold colours and recognizable pattern stand out. Children will always find their favourite card game, no matter where they are.

## Shuffle FUN

Shuffle games are fun, fast and easy. Without a doubt, you know the games Happy Families and Memo. We've got the best licences, so we can turn the most popular games into a card game version. The Shuffle FUN packaging is designed to fit almost every pocket, so you can take it with you for a playful break.

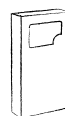

## Shuffle PLUS

Its name says it all. Shuffle PLUS always brings something extra to the table - or where ever you're playing. Each Shuffle PLUS is enhanced in their own way to perfectly match the game to the license. Sometimes with extra cards to spice up the game play. Others have an app with special features. With a different kind of enhancement for each game, Shuffle PLUS will surprise you time and time again. Who knows what might be next!

## Shuffle JUNIOR

Not ready to take on a game of snaps. Happy families puzzles them. Yet, your sprout is as eager as they are young. Challenge them to discover dominoes and bingo, introduce them to the alphabet, and so much more! Shuffle JUNIOR helps them to nourish and grow their early learning skills. Watch them leap, learn and achieve milestones with our preschool range.

## Shuffle FIGURINE

Shuffle FIGURINE allows you to build a new play field every time you play. Shuffle the cards, place your figurines and let the game begin! Race over the cards with your figurine, tell an inspiring story to find your way home or be the first to grab your figurine from its card when you see a match. These are only a few examples of the exciting new games we have lined up for you.

## Shuffle AQUA

Shuffle games are fun, fast and easy. Without a doubt, you know the games Happy Families and Memo. We've got the best licenses, so we can turn the most popular games into a card game version. # Fundels

Our brains are 68% more active when we are having fun. Playing a game is the perfect opportunity to learn something new. With Fundels, children don't even notice they're developing new skills. Did you know you could draw a silly monkey by using only numbers? Or build a world of cards that consists of the craziest colours and shapes? Fundels teaches children how to write their first words, with mum and dad by their side. Learning how to read isn't easy, and it can be extra challenging for some. That's why all Fundels games use the Dyslexie Font so everyone can effortlessly read and understand the rules. The colourful packaging fits every backpack and is designed to be quickly recognized by children.
